All immunizations must be signed by a physician or health department and placed on file in the Nurse's Office. State law requires that pupils in grades 9 through 12 receive the Hepatitis B vaccination series. Upon completion of the series, the school requires documented proof signed by a licensed physician listing the month, day and year of each immunization. If this requirement has not been met, students will be excluded from school.

State law requires that pupils starting at age ten or grade 5 have a scoliosis screening every two years. Please check one of the following:

☐ I hereby authorize the school nurse to give my child a scoliosis exam.

☐ I will take my child to our physician for a scoliosis exam during the next month. Please send me the proper form.

I, the undersigned, do hereby authorize officials of New Jersey Public Schools to contact directly the persons named on this card and do authorize the named physicians to render such treatment as may be deemed necessary in an emergency, for the health of said child. In the event that physicians, other persons named on this card or parents cannot be contacted, the school officials are hereby authorized to take whatever action is deemed necessary in their judgment, for the health of the aforesaid child. I will not hold the school district financially responsible for the emergency care and/or transportation for said child.
