- The law also prohibits the results of the NJGPA field test (First Pathway), a substitute competency test (Second Pathway), or portfolio appeal (Third Pathway) from being used as prerequisite for graduation for students expected to graduate in the class of 2023.
- *There is no graduation assessment requirement for any student who is expected to graduate with the class of 2023.*

NJGPA Overview

- NJGPA is designed to measure the extent to which students are graduation ready in English Language Arts (ELA) and Mathematics.
- Graduation readiness is reported separately for each content component.
- The ELA component is aligned to the grade 10 standards.
- The Mathematics component is aligned to Algebra I and Geometry standards.
- Students assessed in grade 11 in 2022 did not participate in the State Assessments for the aforementioned subject areas, with few exceptions.
